C'mon now,  
I need your lovin' babe what can I tell ya, I've been so  
lonely since I got your letter,  
I need your lovin' won't you come over now, I need your  
body let me show you how,

You are my life, my love,  
My love, my life,  
My everything, my everything,  
You are my light, oh yeah, and dark, oh right,  
For eternity, so why do I feel so lonely?  
You are my life,  
My love, my love,  
My everything, my everything,  
You are my light, oh yeah, and dark, oh right,  
For eternity, so why do I feel so lonely?

I feel so restless can't stop thinking about ya, you are  
perfection I just can't do without ya,  
No body else does the things you do,  
It makes me breathless when I think of you.

You are my life, my love,  
My love, my life,  
My everything, my everything,  
You are my light, oh yeah, and dark, oh yeah,  
For eternity, so why do I feel so lonely?  
You are my life,  
My love, my love,  
My everything, my everything,  
You are my light, oh yeah, and dark, oh right,  
For eternity, so why do I feel so lonely?

My world is dying it's so empty without ya,  
You bring my heart when you leave me to suffer,  
Love is a curse when you're not around, I'm tired of  
waiting just to be let down.

You are my life, my love,  
My love, my life,  
My everything, my everything,  
You are my light, oh yeah, and dark, oh right,

For eternity, so why do I feel so lonely?  
You are my life,  
My love, my love,  
My everything, my everything,  
You are my light, oh yeah, and dark, oh right,

For eternity, oh I feel so lonely, lonely, lonely, lonely, I  
feel so lonely, lonely, lonely I feel so lonely, lonely,  
Lonely I feel down.  
I feel lonely, lonely, lonely I feel so lonely, lonely, lonely  
I feel so oh so lonely, I feel down.  
Come on now, feel lonely, lonely, lonely oh I feel lonely,  
lonely, lonely I feel lonely, lonely, lonely I feel down.  
Oh I'm lonely, so lonely, oh so lonely, I feel, lonely,  
lonely, lonely I feel, lonely, lonely, lonely I feel down.
