Stepped in the club alone at  
Atlanta Live  
Hat tilted to one side  
I watch her body, in phase  
Platinum eyes like in department stores,  
She's curious, of course  
"You'll be mine one day," I said

If we could sometimes just go out  
With margaritas, drink greyhounds  
Don't quite like dancing (too cool)  
But I could sense her class in a magazine  
She looks just like Halle  
I found it; I know I found love

Now I know love can be true  
When I saw you in bird's eye view  
Baby I found love (Girl you define love)  
When all the bus drivers turn cool  
With no more taxis cruisin' through  
I'll still find you, love (Girl you define)

Now Girl these girls the kind that play around  
Don't wanna make her frown  
She'll bring her laundry to bed  
And every day she finds a sunny cloud  
It sort of makes me smile;  
She's so dramatically free

I'd like to show you my new house  
I've seen us makin' on my couch  
You'd dig the bathtub, for sure  
So I baptized her in the bubble bath,  
She came out screamin' mad  
Oh, what a laugh  
'Cause she still had Halle's eyes

Now I know love can be true  
When I saw you in bird's eye view  
Baby I found love (Girl you define love)  
When all the bus drivers turn cool

With no more taxis cruisin' through  
I'll still find you, love (Girl you define)

I'd take the A-Train to follow you  
Oh she said  
She thinks it's all good  
Don't matter what your body do  
Oh cool, I'm cool  
She thinks I'm cool

Now I know love can be true  
When I saw you in bird's eye view  
Baby I found love (Girl you define love)  
When all the bus drivers turn cool  
With no more taxis cruisin' through  
I'll still find you, love (Girl you define)
