Said I'll be down in the city, walking around  
Looking for someone to be my victim, to lay my  
troubles on  
Maybe a leader, someone that will teach me  
The ways of the road, the way to survive this hellhole  
When the grass is green

When the grass is green, i'll be swimming in a zone  
I just can't be alone, cause I'm afraid of me  
And ain't nobody here when i'm going through  
I can't trust what i'll do to me, cause I have lonely  
dreams  
When your grass is green

Down on the river contemplating, maybe suicide  
Or maybe i'll take somebody elses life  
I didn't touch your purse for fun, i had a gun  
I needed the funds  
So don't you condemn me, if you done know me  
Cause I'll be fiendin when your grass is green

When the grass is green, i'll be swimming in a zone  
I just can't be alone, cause I'm afraid of me  
And ain't nobody here when i'm going through  
I can't trust what i'll do to me, cause I have lonely  
dreams  
When your grass is green

Said I'll be down in the gutter, lookin for food  
Lookin for mental satisfaction and physical reaction  
Cause ain't no fairy in these tales  
It's bout takin what you want  
And makin bail  
And hopin your momma loves you still  
Cause this grass ain't nothin but a mirror

(2x)

When the grass is green, i'll be swimming in a zone  
I just can't be alone, cause I'm afraid of me  
Well, well, well  
And ain't nobody here when i'm going through  
I can't trust what i'll do to me, cause I have lonely

dreams  
When your grass is green
