I pretended that i'm glad you went away
These 4 walls are closing more everyday
And am dying inside
And no body knows it but me

Like a clown i put on show
Playing real even if nobody knows
And am crying inside
And no body knows it but me

Why didn't i said the things i needed to say
How could i let my angel get away
Now my world is justa tumbleing down
I can say it clearly but your no where around

The night are lonely
The days are so sad and
I just keep thinking the love that we had
And am missing you
And no body knows it but me

I carry a smile
When im broken in two
And im nobody without someone like you
Im tremblin inside
And nobody knows it but me

I lie awake it's a quarter past three
Im screaming at night if i thought you'd hear me
Yeahh my heart is calling you
And nobody knows it but me

How blue can i get you could ask my heart
My life a jigsaw puzzle is been torn all apart
Billion words couldn't say just how i feel
A millit years from now you know i'll be loving you still

The night are lonely
The days are so sad and
I just keep thinking the love that we had
And am missing you
And no body knows it but me

Tomarrow morning, im hitting the dusty road
Gonna find you wherever,ever you might go
And im gonna unload my heart
And hope you come back to me
Said when the nights are lonely

The nights are lonely
The days are so sad and
I just keep thinking the love that we had
And am missing you
And no body knows it but me

The night are lonely
The days are so sad and
I just keep thinking the love that we had
And am missing you
And no body knows it but me

The night are lonely
The days are so sad and
I just keep thinking the love that we had
And am missing you
And no body knows it but me
