Wish I told her how I feel,
Maybe she'd be here right now
but instead...

I pretend that I'm glad you went away
These four walls closing more every day
And I'm dying inside
And nobody knows it but me
Like a clown I put on a show
The pain is real even if nobody knows
And I'm crying inside
And nobody knows it but me

Why didn't I say the things I needed to say
How could I let my angel get away
Now my world is just a-tumblin' down
I can say it so clearly but you're nowhere around

The nights are so lonely the days are so sad and
I just keep thinking about the love that we had
And I'm missing you
And nobody knows it but me

I carry smile when I'm broken into
And I'm nobody without someone like you
I'm trembling inside
And nobody knows it but me

Lie awake, it's a quarter past three
I'm screaming at night if I thought you'd hear me
Yeah, my heart is calling you
And nobody knows it but me

How blue can I get?
You could ask my heart
But like a jigsaw puzzle it's been torn all apart
Billion words couldn't say just how I feel
A million years from now you know I'll be loving you still

The nights are so lonely the days are so sad and
I just keep thinking about the love that we had

And I'm missing you
And nobody knows it but me

Tomorrow morning, I'm a hit a dusty road
Gonna find you, where ever, ever you might go
And I'm gonna load my heart and hope you come back
to me

The nights are so lonely the days are so sad and
I just keep thinking about the love that we had
And I'm missing you
And nobody knows it but me
