There's something that you need to know
She's got a heart filled with cold
Many come but many don't go
As a result of her magnetic force

But I ain't even going out like that
I'm so tired of watching my back

So tell me what I'm gonna do
Now that she's got me under her spell
So tell me what I'm gonna say
Now that she's got me changing my ways

A hooker with a mind and her hunger grows
She could rip into your soul
The weaker you are the quicker she squirms
She's on a mission to destroy your world

So you better watch yourself real good
Don't be fooled by her sexy looks

So tell me what I'm gonna do
Now that she's got me under her spell
So tell me what I'm gonna say
Now that she's got me changing my ways

She's digging in to you, she's eating you
You were her child (make it worth her while)
And if she's hurting you, it's cause she's wanting you
Into her mouth

So tell me what I'm gonna do
Now that she's got me under her spell
So tell me what I'm gonna say
Now that she's got me changing my ways

So tell me what I'm gonna do
Now that she's got me under her spell
So tell me what I'm gonna say
Now that she's got me changing my ways

So tell me what I'm gonna do?
