Who do people say I am?  
Do you think they understand?  
Messiah's suffering  
Salvation brings

Oh, but Jesus, you're not that kind of king  
Oh, but Jesus, you're not that kind of king  
You come in power to take your throne  
You'll show your glory in Jerusalem

It's what the crowds are claiming

Oh, but Jesus, is not that kind of king  
He has come to suffer and He has come to die  
Curcified in weakness and you may wonder why  
He who called the angles

[Unfinished]
