Fleeing what I do not know  
Recapture me, recapture me  
I flee to where I cannot go  
Recapture me  
The bridge between my heart and mind  
Recapture me, recapture me  
You come across myself to find  
Recapture me

You come and knock on imaginations door,  
You come to show to  
To know You is what eyes and ears are for.

With ears that hear but not receive  
Recapture me, recapture me  
With eyes that see but can't perceive  
Recapture me  
Your paradox and poetry  
Recapture me, recapture me  
You speak one sacred certainty  
Recapture me

You come and knock on imaginations door,  
You come to show to to know You is  
What eyes and ears are for,  
(what eyes and ears are for,  
What eyes and ears are for)  
To know You is what eyes and ears are for  
(what eyes and ears are for,  
What eyes and ears are for)

Through prophets madness make me wise  
Recapture me, recapture me  
Through foolish faith open my eyes  
Recapture me  
With sacred words, with silent words  
Recapture me, recapture me  
You're the living Word that must be heard  
Recapture me  
Recapture me  
Recapture, recapture me
