Love  
I've been away for years  
I nearly lost my mind  
I had to disappear  
Cause no one had the time to give  
So I just live  
Inside

Love  
It wasn't what I planned  
In all the things I've done  
I hope you understand  
That there was always something more  
I'm still looking for  
A better way (A better way)

I keep on asking  
Why  
The innocent can be so cold  
Outside  
And I keep on asking  
Why  
The innocent can be so cold  
Outside

Love  
Has died and gone away  
To find another life  
I wish it could have stayed (I wish it could have stayed)  
I wish it had the time to give  
So I could live  
A better way (A better way)

I wish we had the time to give  
And we'd forgive  
And we could live  
A better way  
A better way
