Ten steps the the wall and ten steps back
Wore a groove in the floor maybe six feet deep
Retracing the same old track
Now it's safe to say, it felt safe to be
Hiding in my room with my old routine
'till isolation took a whole new spin
Confrontation took a whole new spin
Your love love love took a whole new spin
There's a brand new light on the world i'm in
It was in my face underneath my skin
Your love love love took a whole...new...spin
Heard your voice outside it sounds so sweet
Drove a hook in my soul drew me over to the door
Seems it got the best of me
Oh, i opened it a crack, you kicked it in
Turned it upside down, - won't be the same again
Communication took a whole new spin
Revelation took a whole new spin
(chorus and solo)
Your love love love took a whole new spin
Your love love love took a whole new spin
Your love love love took a whole new spin
Your love love love took a whole new spin.
