[Lil' Jon]

Put a hump in ya back and shake ya rump (HEY!) [4x]  
Lets go!

[everyone (2x)]

Bounce dat ass up and down to da flo  
Shake that shit till you can't no mo'  
Twirk that monkey let me see ya get low  
Freak that nigga till ya shit get sore

[Too Short]

Bounce that ass till ya can't no mo'  
Make ya ass touch the flo'  
Like ya legs are broke  
Take that big ol' booty girl and scrub the ground  
You can do it up and down  
Or round n round  
As long as that pussy aint stiff  
Dance and make all the niggas look at that shit  
Like ya strip at a club in the ATL  
Lil bitch tore it up and started raisin hell  
I remember magic city before the freak nik  
Before the police started all that weak shit  
All the big hoes...Get loose wit it  
All the skinny hoes let Bruce Bruce hit it  
Let a nigga fuck tonight  
Damn right bitch...fuck my wife  
You my slut for life  
You know all i do...is count that cash  
I won't charge you as long as you bounce dat ass

[chorus]

Bitch..Bitch..Shake that monkey

I bet she can't wiggle like that wit a dick in her  
Have a motor tha booty contest and pick a winner  
When she runnin  
You never see the hoe come in last  
So fast, she gotta 454 on dat ass  
Ya never gonna win that race  
Put on a seatbelt don't let her sit on ya face

She might kill you in the mornin at 2:14  
Doin the pussy pop like she from New Orleans  
Its been a while more than 10 years past  
When ya close ya eyes you can still see her ass  
When mommy used to dance like that  
Bouncin that ass wit her hands on her back  
I saw a grandmomma do it wit a baby in her arm  
Put a hand on her car and started swangin it hard  
Every nigga in the party wanna get wit the bitch  
Look like she was fuckin an invisible dick

[chorus]

You don't have to be naked to dance like a stripper  
Just wiggle that tail like your name is flipper  
Do it like a dolphin on top of the water  
Take it down to the ground, and pop it harder  
Youve been hangin round them pimps again  
She gangsta walkin like she Memphis 10  
Get it girl i like the way you bounce  
U must of learned that deep down way in the south  
U from the west coast where you learn to do that dance  
Im bout to stick my dick through the back of your pants  
I woundnt pass up a chance to rip your cheeks  
All in that ass, ya limpin for a week  
Now all that booty, is that for me?  
Its lookin so fat, we at the party  
Lets hit the bar and drink  
Tequila shots  
Find a spot on tha floor let me see it drop!

[chorus]

[2x]

Now put yo ass on his dick  
Let him know you da baddest lil bitch  
Put ya hand on ya clit  
Ask him do he like that shit  
The way you move your butt  
All he wanna do is fuck  
Outside him and you in the truck  
Sex so good you can't do it enough

Bounce dat ass bitch [3x]

Short Dog in the house

Shake that monkey hoe [until song it over]
