Why are you so tired all the time?
Don't you sleep anymore?
You're slipping,
I hate to see you like this,
Get your head in the game.
Tell me, tell me when have I ever proven myself
untrustworthy?

No need for an excuse or reason,
You're missing my point completely.
It's just us,
You're telling me you're happy and I am calling you out,
liar.

Your fake laugh is fooling no one 'cause we've heard
the real one before.
Your shoulders show classic symptoms of bearing
more weight than they can.
I don't feel. and I don't really feel like watching you
while your back is breaking.

No need for an excuse or reason,
You're missing my point completely.
It's just us,
You're telling me you're happy and I am calling you out,
liar.

Don't be so scared of letting us know that you can't do
it on your own,
That's what we're here for.
I know she threatens to hurt herself,
You don't need that responsibility.
I guess it's none of my business, but the longer you
wait the more dangerous it gets
I won't be your fault

No need for an excuse or reason,
You're missing my point completely.
It's just us,
You're telling me you're happy and I am calling you out.

No need for an excuse or reason,

You're missing my point completely.
It's just us,
You're telling me you're happy and I am calling you out,
liar.
