Another misconstrued electronic communication.  
I guess my attention's not enough.  
Thanks for the courtesy text.  
I'm the last thing you want and the first thing you need.  
So for tonight I guess it's back to the same ol' hanging  
with tramp-stamps and cigarettes.  
Don't know who's the lamb or the slaughter.

I hope your father's proud of you.  
My mind's all made up now.  
Are you scared yet baby?  
Cause this town's too small for the both of us.  
Hands where I can see them.  
You'll regret this.  
Mark my words I'll torch this to the ground.

You'll regret this.  
You can't get to the phone right now.  
It's cool, I know you'll call me back when plan A fails  
and say  
"Hey, (HEY! ) what's your schedule looking like? sorry  
things have been crazy."  
You're the first thing I want and the last thing I need.  
Done ignoring advice from my brilliant friends that say  
"Stick with the tramp-stamps and cigarettes."  
It's not gonna change. I'll always be plan B.

I hope your father's proud of you.  
My mind's all made up now.  
Are you scared yet baby?  
Cause this town's too small for the both of us.  
Hands where I can see them.  
You'll regret this.  
Mark my words I'll torch this to the ground.

On your knees.  
We've got a problem here so don't get too comfortable.  
I'm through with breaking my own rules.  
On your knees.  
We've got a problem here.  
Seriously cover up.  
I can't look at you, you're killin' me here.

So I'll take you up on that advice tonight.

I hope your father's proud of you.

I hope your father's proud of you.

My mind's all made up now.

Are you scared yet baby?

Cause this town's too small for the both of us.

Hands where I can see them.

You'll regret this.

Mark my words I'll torch this to the ground, torch this to  
the ground

Cause this town's too small for the both of us.

Hands where I can see them.

You'll regret this.

Mark my words, mark my words I'll torch this to the  
ground

I hope your father's proud of you

Come on!

I hope he's not ashamed to call you daughter.
