Check out what I have to deal with now
This isn't about me, I know
You're looking like you are
So proud to be so proud
All I hear is "I am crazy" when I know you're saying
words
But don't speak up,
I value my gift of rational thought

I'm not through yet
Come a little closer, are you sure you've got nothing to
share?
You clocked in in record time
This is the kind of thing that could give a guy a
complex

Well here's your chance
Maybe you could tell me how it feels to be a girl
You've got a minute
I'm all ears baby
Honestly, honesty is overrated
Honestly, honesty is what I do best

Look who's next in line
There's four days left
You're getting restless, I know
You've got to scratch that itch, it's not going to scratch
itself
He's getting sicker by the hour while you're throwing
back your head
And filling your gut with whatever or whomever you
want

Friends don't let friends... but I had to say it.
Dude, I'm sorry your girlfriends a bitch
I ache from pulling punches
She was so well put together
Guess it's gonna be fun to rip her apart

Well here's your chance
Maybe you could tell me how it feels to be a girl
You've got a minute

I'm all ears baby
Honestly, honesty is overrated
Honestly, honesty is what I do best

It's on
I've been making some plans to say good riddance
"Move on" you don't, you don't have to tell me twice,
sister
He's got the pictures that prove so there's no use
hiding
We'll always find you

Well it's your turn
Maybe you can tell me how it feels to be alone
Honestly, honesty is overrated
Honestly, honesty is what I do best
He's got the pictures that prove so there's no use
hiding
We'll always find you
