It's all in my hands now

Turn my world upside down
Is what this day has done to me

Up against the wall and with so much in my hands
I wouldn't change a single thing, wouldn't change a
thing

Right now is all that matters for us now
And I trust your decision that this is the right path for us
now

Up against the wall and with so much in my hands
I wouldn't change a single thing

Up against the wall with so much in my hands
I wouldn't change a thing

I just hope you know that it makes me feel so proud to
know that you trust what you worked so hard for in my
hands (in my hands)
Against the wall now
Nowhere to run now
It's all in my hands now
My time to shine now [X2] *(is now) on the second
time*

With my back to the wall
Watch me Shine [X4]
