I will, will take this fist, this fist of rage  
And find you all alone wishing I was standing by your  
side  
I tried to tell you this was the last time you'd hear me  
say these words

I care, but this time I don't care  
Don't care I don't, this time I don't care  
No I don't

I hear the dead calling your name  
Wanting you where you need to be  
Need to be, need to be

Go back to when you wish you were a part of us  
Go back to when you were just another face in the  
crowd [X2]

No matter what, you'll always be dead to me, dead to  
me, dead to me  
I hear the dead calling your name  
I'll take you where you need to be  
Alone, (alone) with the corpses so I can't hear your  
screams of apology  
I can't hear the screams oh no I can't hear the screams  
(of apology)  
Come on I wanna hear you, hear you scream

No matter (no matter what) what you'll always be dead  
to me  
No matter what you'll always be dead to me
