Verse 1

I woke up this morning, not myself
And thoughts fill my mind of you with someone else
And all the pain i feel was caused by me
But i'd feel this pain forever if it means you're
Happy
But i know i'll always want to be with you
I'll love you forever, until time's through

Chorus

I'll sleep the pain away
I'll meet tomorrow with you
I'll sleep the pain away
And i'll pray that you could love me too

Verse 2

I woke up this morning, all alone
And it's no ones fault but my own
And all the pain i feel was caused by me
But i'd feel this pain forever if it means you're
Happy
But i know i'll always want to be with you
I'll love you forever, until time's through

Chorus

I'll sleep the pain away
I'll meet tomorrow with you
I'll sleep the pain away
And i'll pray that you could love me too

Bridge

Well i know i don't deserve another shot
That's ok i still love you with all i've got
I wouldn't trade anything for the time
I spent with you, got to call you mine

Chorus

I'll sleep the pain away
I'll meet tomorrow with you
I'll sleep the pain away
And i'll pray that you could love me too
