Verse 1

I'll be leaving soon, but I believe in you
I'll find a way
to make it feel alright, the long days and longer nights
this can be ok
Just promise me it's everything, just promise me
Just promise me it's everything, I'll do the same

Chorus

Cause when the days are getting colder I miss you
most
I'm stuck out in a rainstorm, but you're my coat
to keep me safe, to keep me warm
cause without you I'm just stuck in the storm

Bridge

just breathe out a little bit, I'll be there soon
I'm there for you too
Just fly a flag a little bit, we'll be okay

Chorus

Cause when the days are getting colder I miss you
most
I'm stuck out in a rainstorm, but you're my coat
to keep me safe, to keep me warm
cause without you I'm just stuck in the storm
and the days are getting colder, I miss you more
then I ever did or ever could before
just open up
