#### Verse 1

your tears are bleeding down, past your cheekbones to  
the ground  
and my words aren't enough  
you've felt this hurt before, you find your comfort past  
the door  
and there's no running this time

#### Chorus

and all that i want for you, is all that's everything  
you're everything to me

#### Verse 2

the cold october moon, it makes me think of you  
but my thoughts fall short  
the stars all shed a tear for every second you're not  
here  
and i can't breathe without you

#### Chorus
