7-11 Christmas

Hot dogs slowly turning on the grill
As they glisten, I get such a thrill
There's a place where I can go to spend the holidays -

7-11 Christmas

There's beer and cigarettes
And even frozen pizza -
It's the best Christmas yet!

7-11! Christmas heaven!

I won't make it home for Christmas time
But I'll have a holiday that's fine
And if I'm feeling reckless and I wanna celebrate
Right around the corner is the one and only place -

7-11 Christmas

There's sandwiches and wine
And soda pop and french fries
We'll have a bitchin' time!

7-11! Christmas Heaven!

I won't make it home for Christmas time
