Hey baby let me take a few
Minutes of your time while I rap to you
Hand on my heart I testify
Ain't nobody who could be so fly
Momma said careful what you do
'Cause a little white lie becomes so true
She's so honey she's so sweet
Sing a little song walking down the street it goes
Sugar sugar my my my
Just cant get you out my mind
Someone told me take your time
But I can't wait until you're mine

Everyday and every night girl
I watch you turn your light down
Everyday and every night girl
I want you in my life
Everyday and every night

She wears stripes and polka dots
Candy cane stockings hair in knots
Cutie little bootie that never stops
I want some of what she's got
She got sunshine shakin pixie dust I
Count to three and I fall in love
She's so naughty she's so nice
She don't have to ask me twice
I go

You the type of girl that makes a man
Think he couldn't
The way you walk the way you talk makes me sweat
and stare
When I know I shouldn't
Well, you the type of girl that makes a man stop and
stutter
The way you shine your so so fine I wanna make you
mine mine mine
Like cocoa butter
