Love without measure  
Space without time  
Life with no crying  
Will one day be mine  
Hearts never breaking  
Hands that don't fight  
Days that don't end with  
The darkness of night  
The lamb and the lion  
Will walk side by side  
In a world where freedom, abides  
Windows of glory, swing open wide  
Shower down blessings  
And shine down a light  
On my soul  
I do believe  
Oh, can't you see  
That's what, heaven will be like  
That's what, heaven will be  
Friends that don't leave you  
Smiles that don't fade  
Nobody's hurtin', no one's afraid  
No hungry children  
Loved ones don't die  
No sad farewells  
There'll be no more goodbyes  
Windows of glory, swing open wide  
Shower down blessings  
And shine down a light  
On my soul  
I do believe  
Oh, can't you see  
That's what, heaven will be like  
That's what, heaven will be  
All the burdens and longings  
We bring to this place  
Disappear in the moment  
We look at the love on His face  
Oh-Oh  
Oh I do believe  
Oh, can't you see

That's what heaven will be like  
That's what, heaven will be
