"Start A Party"

Visit "[Start A Party](#)" on MotoLyrics.com

Starting my day, with big preparations
Going out strong, with great expectation
I want the world, To know that my Jesus lives
I have a clue, that my reputation
Could show that God's love, has an open invitation
I wont miss the chance, that someone might call His
name
I wanna to start a party
Up in heaven
And get those angels dancin'
For a new heartbeat
It's a righteous celebration
Singin' hallelujah
I wanna start a party
Angels rejoice, and the demons all tremble
When a lost one is found, all of heaven assembles
If we each do our part, This paty could last for years
I wanna to start a party
Up in heaven
And get those angels dancin'
For a new heartbeat
It's a righteous celebration
Singin' hallelujah
I wanna start a party
Gonne be shoutin' hallelujah
Praise the Lord
The King of Glory
Restored my soul and set my spirit free
Hallelujah
Praise the Lord
I wanna to start a party
Up in heaven
And get those angels dancin'
For a new heartbeat
It's a righteous celebration
Singin' hallelujah
I wanna start a party
