If I could go anywhere today
I'd go to your house and
We'd play our music really loud
And piss off all your neighbors
You'd look so perfect in my arms
But your stuck to his

Thank you California
For bringing me the
Best thing in my life
She speaks but says nothing
And this hole in my heart
Has been filled.

If I could be anyone today
I'd be the perfect boy for you
I'd do anything you wanted me to
But he's my only obstacle
The one thing keeping me from you.

Let me show you what it's like
To have someone that will hold you
In their arms and will never let you go.

Would it be alright if I came over
And stole you away from the east
And brought you home out west
A place you know so well.
A place that was gracious enough
To bring you to me.
