"Heavy Traffic"

Heavy traffic, highway song
Steely bodies on parade
Heavy traffic, roll along
High performance cavalcade
Heavy traffic, rubber burning
All together, stop and go
Heavy traffic, miss a turning
Interrupt the traffic flow
If I ever get to heaven
I'll be sure to go by train
If I make it home by seven
I'll never drive again
Heavy traffic, stormy weather
Monday morning on the road
Heavy traffic, wait forever
Following an overload
Heavy traffic, never-ending
Spitting poison in the air
Metal river, who's pretending
You won't ever get me there
If I ever get to heaven
I'll be sure to go by train
If I make it home by seven
I'll never drive again
