Running down abbey road
don't stop the ocean
i need to feel a tidal wave
so close
so close to a family way
to a family way

Don't start bringing her around
see how tough i can be
when you make me smile sweetly
don't keep bringing her around
i need to see
see the changing of the leaves
of the guard
of your guitar as it's leaving

running down abbey road
no shoes
it's colder than bermuda

colder than my days when my sugar came
johnny man
be as quick as you can
i said johnny man
we know you like hailey mills
like those boys are singin' still
catch me if you can
oh catch me if you can
be my sugar cane
mine

running down abbey road
i'm all
i thought we'd almost be
in a family way
i guess not today
i guess not today
