Bouncing off of Clouds we were
Is there a love Lost and Found

Make it easy
Make this easy
It's not as heavy as it seems
Wrapped in metal
Wrapped in ivy
Paint it in mint ice cream

We could be Bouncing off the top of this Cloud
I'll put on my silver
We could be Bouncing off the top of this Cloud

Failure to respond but
I did. but did you listen

Bouncing off the top of this Cloud
I'll put on my silver
About what you said, has it come to this?
I'll put on my silver
Bouncing off the top of this Cloud

Well you can stare all day at the sky
But that won't bring her back
That won't bring her back
You say you're waiting on fate

But I think fate is now
I think fate is now
Waiting on us

Make it easy
Easy easy
We could make this easy
Easy love easy
We could make this easy
Make this easy
It's not as heavy as it seems
Wrapped in metal
Wrapped in ivy
Blue umbrellas now smiling

We could be Bouncing off the top of this Cloud
I'll put on my silver
About what you said, has it come to this?
I'll put on my silver

Bouncing off the top of this Cloud
I'll put on my silver
About what you said, has it come to this?
I'll put on my silver
Bouncing off the top of this Cloud
