I'll sing to the sun in the sky  
I'll sing to the sun rises high  
Carnival time is here  
Magical time of year  
And as the time draws near  
Dreams fill my heart  
I'll sing while he plays his guitar  
I'll sing as the night wakes the dawn  
Will love come my way  
On this magical day  
And will love stay in my heart

I'll sing while he plays his guitar  
I'll sing in my dream from afar  
Will love come my way  
On this magical day  
And will love stay in my heart

Will true love come my way  
On this magical day  
Or will I live alone in my dreams  
Will true love come my way  
On this magical day  
Or will love only live on my dreams

Stay, stay in me, in my heart  
You  
I say it again  
The way you walk and I know the way you can  
The way you're telling me you're not a dangerous man  
I said it again, I'll say again  
I'm not that kind of woman  
The way you're telling me  
Whoa  
What you can do  
What you can do to me  
What you can do...you
