well hey do you do judo when they surround you
a little mental yoga will they disappear
it's grim but never dubious as motives go
one thing she'll always promise promise is a show
thunder wishes it could be the snow
wishes it could be as loved as she can be
these gifts are here for her, for you, for me
I watch me be this other thing and never know
if I'm marooned or where the purple people go
the lily white matricide from vicious words
it doesn't leave a scratch so therefore no one's hurt
thunder wishes it could be the snow
wishes it could be as loved as she can be
these gifts are here for her, for you, for me
and don't you know the nurses make it clear
and just when you've escaped, you have yourself to
fear
a restaurant that never has to close
breakfast every hour it could save the world
so hey do you do judo in your finery
an angel's face is tricky to wear constantly
thunder wishes it could be the snow
wishes it could be as loved as she can be
these gifts are here for her, for you, for me
for her, for her
