Purple sunset, orange moon  
I'm alone again without you  
I knew someone had to lose

Kiss goodbye  
Go back to your separate life  
That you have with her  
Ashes blow in the windy sky  
Take my heart as you go

Baby it burns, baby it burns, baby it burns  
To be your fire on the side  
Taste my tears  
See how they burn  
Baby it burns  
To be your fire on the side

Purple sunset, orange moon  
How can the music play  
When the only band is made of gold  
Wrapped around your hand  
That I used to hold  
Against my chest every night

But I still can hope  
You will see I'm your home

Baby it burns, baby it burns, baby it burns  
To be your fire on the side  
Taste my tears  
See how they burn  
Baby it burns  
To be your fire on the side

I knew someone had to lose  
Kiss goodbye  
Go back to your separate life  
That you have with her  
Take my heart as you go

Baby it burns, baby it burns, baby it burns  
To be your fire on the side

Taste my tears  
See how they burn  
Baby it burns  
To be your fire on the side
