Schock, got the schock of my life
Just buckkle up girls, i'm steeling the night
Faa down steel the night

w.. let see in golden light
steel the night

I gotta get.....
i Gorta get this right
i Gotta get this right

cause shes bold.....
She's bold, bold enough
to set fire to your plain
fire to your plain

Prey you can pray to your..day.....
I put out the call not to be not to be saved
Got my develin kin.....
with her you're low as

we gotta get this right
i gotta get this right
watching him, watching her play this game

and she bold, bold enough to set fire to his plain
she said get inwho would it be, a pergurded to me

watching the watching
fire to his plain

i gotta this right,i gotta this right
cause she's old and im not
yes she is bold, bold enough
watching her, watching hem,

fire to your plain
to serve fire (bold enough) to your plain
