i took a taxi from l.a. to venus
in 1985. i was electromagnetically set back into the
party
goin on that night.
and it was the glories of the 80s
coma drawn up in light
and to bugle boy by the same baby
it's free if she'll (look to your fright)
i have a story of all but my bucket seed
and my wanna-be mustang
auditioning for reptiles
and their (rocker welsh campaign)
and the glories of the 80s
he said, "i'm not afraid to die."
i said, "i don't find that remotely funny
on, on this space dig high."
and around, around
it all seemed clear.
just letting it all
disappear
disappear
so party barbies to the left and a
jello box to the right.
now i'm feeling insecurely about growing
famous in our last lives.
and the glories of hte 80s, i said
and there's nothing to fear, i said
blow the end, i gotta go,
i gotta shed to get out of here
and, around, around
it all seemed clear.
just letting it all
disappear.
disappear.
sure you love it, (all turning) round
sure you love it, (all turning) round

wish i had you back.
sure you love it, (all turning) round
sure you love it, (all turning) round
wish i had you back now.
i met a drag king, (kareem)

she got a lonely heart-a-gram
she said, "my husband ran off with my
shaman, but i love me as i am."
and the glories of the 80s.
not hard to die, i
killed myself like that blond chick that sells betty davis
eyes
and around, around.
it all seemed clear.
just letting it all
down.
sure you love it, (all turning) round.
sure you love it, (all turning) round.
wish i had you back, now.
and around, around.
it all seemed clear.
just letting it all
end.
disappear.
disappear.
i took a taxi from l.a. to venus
in 1985
