All right

Even when you don't know
I'll be by your side
Even when you think you're all alone
I'll be by your side

He-ey you
I'll be right behind you
Keep on going
Down we travel
When the wind is blowing
I will be there till the world stops turning
Baby I will keep this fire burning

When nobody else is
I am on your side
Oh yeah
Baby when you're not even yourself
I am on your side

I'll be right behind you...

Fire

Even when you've lost your faith in love
Even when there is no light above
Even when you wanna go home and hide
I'll be on your side
I'll be on your side
Come on

I don't even think about
How far I'm about to go
If you put your twist in me
I'll keep it coming
Aint nobody stopping me
When it comes to you and me
Nothing's like it used to be
I'll keep it burning

I'll be right behind you...

I'm your sister
All right
I'll be your brother
Keep it coming
I'll be your friend
I'll be your everything
I'll be your lover
Just you and me
Yeah
Keep it coming

Baby I will keep this fire burning
