### "Our New Year"

Glasses raised we all say cheers  
Could this be the one  
Our new year

Even after all this time  
I don't know why  
Why you went away

Lately Im sure it's  
You there waving  
In the distance  
Closer  
The closer I get  
Disappointment

It is, yes it is  
They just have the same color of your hair

You're not there  
You're not there

Every corner that I turn  
I've convinced myself  
One day you'll be there

Choruses of Auld Lang Syne  
Could this be the year  
Yours and mine

Lately Im sure it's  
You there waving  
In the distance  
Closer  
The closer I get  
Disappointment

It is, yes it is  
They just have the same color of your hair

You're not there

You're not there  
You're not there  
You're not there  
You're not there  
You're not there  
You're not there  
You're not there

Glasses raised we all say cheers  
Could this be the one  
This could be the one  
Could this be the one  
Our new year
