She's your cocaine  
She's got you shaving your legs  
You can suck anything  
But you know you wanna be messy

Put on your make-up, boy  
You're your favorite stranger  
And we all like to watch  
So shimmy once and do it again

Bring your sister, bring your sister  
If you can't handle it  
Bring your sister, bring your sister  
If you can't handle it

She says, "Control it"  
Then she says, "Don't control it"  
Then she says, "You're controlling"  
The way she makes you crawl is

She's your cocaine  
Your exodus laughin'  
She knows what you are  
Shimmy once and do it again

Bring your sister, bring your sister  
If you can't handle it  
Bring your sister, bring your sister  
If you can't handle it

If you want me to, boy  
I could lie to you  
You don't need one of these  
To let me inside of you

And is it true, that devils end up like you  
Something safe, for the picture frame  
And is it true, that devils end up like you  
So tied up, you don't know how she came and said

And she's your cocaine  
She's got you shaving your legs

Got you licking my back  
Got me takin' it in, getting mine back

Lasting mine evil, taking my easel  
And I'm writing good checks  
Says sign 'Prince of Darkness'  
Try 'Squire of Dimness'

Please don't help me with this  
Please don't help me with this  
Please don't help me with this, no

{Cut it again}
