And you know you're gonna lie to you  
In your own way  
And you know you're gonna lie to you  
In your own way

And I lie some other day  
You do  
And you say girl  
Know too well  
Know the chill  
Know she breaks  
My siren  
Know teenage flesh  
Know the chill  
Know she breaks  
My siren

Never was one for a prissy girl  
Coquette call in for an ambulance  
Reach high, doesn't mean she's holy  
Just means she's got a cellular handy  
Almost brave, almost pregnant  
Almost in love  
Vanilla  
Vanilla

And you know you're gonna lie to you  
  
In your own way  
And you know you're gonna lie to you  
In your own way

And you don't need the light on  
To guide you through the southern lands  
Go said go, yes

Know too well  
Know the chill  
Know she breaks  
My siren  
Know teenage flesh  
Know the chill

Know she breaks  
My siren

Never was one for a prissy girl  
Coquette call in for an ambulance  
Reach high, doesn't mean she's holy  
Just means she's got a cellular handy  
Almost brave, almost pregnant  
Almost in love  
Vanilla...
