Wake up Mr. Microphone  
Show us all what you don't know  
Centuries secret societies  
He's our commander still  
Space dog

So sure we were on something  
Your feet are finally on the ground he said  
So sure we were on something  
Your feet are just on the ground girl

Rain and snow, our engines have  
Been receiving your  
Eager call  
There's Colonel Dirtyfishydishcloth  
He'll distract her good  
Don't worry so

And to the one you thought was on your side  
She can't understand  
She truly believes the lie  
Lemon Pie, he's coming through  
Our commander still  
Space dog  
Lines secure  
Space dog

Deck the halls  
I'm young again, I'm you again

Racing turtles, the grapefruit is winning  
Seems I keep getting the story twisted  
So where's Neil when you need him  
Deck the halls  
It's you again, it's you again  
Somewhere someone must know the ending  
Is she still pissing in the river now  
Heard she'd gone moved into a trailer park

So sure those girls  
Now are in the Navy  
Those bombs our friends

Can't even hurt you now  
And hold those tears  
Cause they're still on your side  
Don't hear the dogs barking  
Don't say you know  
We've gone Andromeda  
Stood with those girls before  
The hair in pairs  
It just got nasty  
And now those girls are gone
