suede suede suede suede
you always felt like suede.
there are days i feel your twin.
peek-a-boo.
hiding underneath your
skin.
jets
of a revving, yes, revving from
a central source and this
this power over me
not because you feel something
or don't feel something for me
but because
mass so big
it can swallow, swallow her whole star
intact.
call me evil, call me tide is on your side
anything you want.
anybody knows you can conjure me up
anything by the dark of the moon.
oh, and if you keep your silence
silencer on,
you'll talk yourself right into a job
out of a hole
into my bay
into my...
my bayou
suede.
i'm sure you've been briefed.
my absorption lines, they are frayed.
and i feel my fear is great-er
th-an my faith, but i
walk the mission anyway,
you always felt like suede.
there are days i am your twin.

peek-a-boo
hiding underneath your skin
jets
of a revving, yes a revving from
an ether twist.
call me evil, call me tide is on your side.

anything you want
anybody knows you can conjure
anything by the dark of the moon.
boy, and if you keep your silence
silencer on,
you'll talk yourself right into a job
out of a hole
into my bay
into my...
my bayou
suede.
oh little sister, i hope you didn't feel that way, and
oh little sister, i'm glad you came.
and i said
oh little sister i hoped you wouldn't feel that way. and
oh little sister, again, again, and i said
oh little sister, i hoped you didn't feel that way. and
oh little sister, i wished you didn't feel that way. and
oh little sister, i hoped you wouldn't feel that way.
oh, i said, i wished
oh little sister,
can you forgive me one day?
can you forgive me
one
day
