In and out on this same path that I followed for years  
Can't I look around and ask how could we still end up  
here

I can't just hold tight  
Wait for them to cut us to ribbons  
If the sharpest thing where you come is a blade of  
grass

Oh take me with you  
I don't need shoes to follow  
Bare feet running with you  
Somewhere the rainbow ends my dear

These injuries  
Don't you think we need a new referee  
I can't let the ball drop  
Boy I need some interference to shut them up

Oh take me with you  
I don't need shoes to follow  
Bare feet running with you  
Somewhere the rainbow ends my dear

Oh take me with you  
Chase rabbits into their burrow  
Bare feet running with you  
Today even the rain can cut me up

Tears turn to steel and the wound never heals  
in the darkness of November  
Well the witch is in the tower  
And the snake's in the bower  
And the hunt goes on forever  
Now the stake is there to burn  
My fathers robe is torn between cross and Mother  
With the blood on your hands come on  
What you doin'  
I am fed up with this questioning.

Oh take me with you  
I don't need shoes to follow

Bare feet running with you  
Somewhere the rainbow ends my dear

Oh take me with you  
Chase rabbits into their burrow  
Bare feet running with you today today

Oh take me with you  
I don't need shoes to follow  
Bare feet running with you  
Today even the rain  
Even the rain  
Even the rain  
Can cut me up
