God I love to turn my little blue world
Upside down
God I love to turn my little blue world
Upside down
Inside my head the noise
Chatter, chatter, chatter, chatter, chatter
You see I'm afraid I'll always be
Still coming out of my mother upside down

Don't you love to turn this little blue girl
Upside down
Oh I know you love to turn this little blue girl baby
Upside down
But my heart it says
You been shatter, shatter, shatter, shatter, shattered
And I know you're still a boy
Still coming out of your mother

But when you gonna stand on your own
I say the world is sick
You say "Tell me what that makes us darlin'"
You see, you always find my faults
Faster than you find your own
You say the world is getting rid of her demons
I say "Baby what have you been smoking?"
Well I dreamed, I dreamed, I dreamed
I loved a black boy
My daddy would scream
Oh yeah

Don't you love to turn this little blue girl
Upside down
Any kind of touch I think is better than none
Even upside down
But you see I'm tangled up
Got a kitten, kitten, kitten, kitten in my hair
Cincinnati, I like the word
It's the only thing we can seem to turn
Upside down

Well I found the secret to life
I found the secret to life

I'm okay when everything is not okay
I said I found the secret to life
I found the secret to life
I'm okay when everything is not okay
Is not okay

Oh, we turn and we turn our little blue world
Upside down
I said, don't we love to turn our little blue world baby
Upside down
Inside my head a voice
Chatter, chatter, chatter, chatter, chatter
And it says "Girl you're all the same
Still coming out of your mothers
Still coming out
Of your mothers
Upside down"
