They told me what maybe she said  
She's gone towards a new solutionÂ...  
West and East, this is the real risk!  
North or South, I'm always on the run!!

Maybe she's looking for glory  
Maybe she's looking for madness  
Maybe she's looking for glory or...  
...a SuperRodeoFrog!

They want me to keep you in action  
She has to get more solutions  
West and East, maybe my best risk!  
North or South, shakin'around !!

Did I have to hold you  
Did I recognize you?

Bullshit!
