Fistfucking Her Decomposed Cadaver

Digging up her corpse, she is worm infested  
Badly decomposed, but I take her to my home  
Stench of rot turns me on and my cock grows rapidly  
I am so horny, I need to fuck that dirty whore  
I put my cock in her mouth, bitch gives rotted head  
It feels so good, I slap her pus-filled face  
Now it's time to give her something  
Tonguefucking putrefying cunt  
The taste is incredible, much better than the one that is  
alive  
I eat maggots from her pussy  
I turn her over and start to fuck like a mad dog  
Deeper and harder, I am about to go crazy  
Now it's time to penetrate ass  
Her asshole is so tight, this must be her first time  
Faster and faster, I can feel my balls banging against  
her cunt  
I quickly cum, squirting inside rectum  
Pulling my cock out, it's covered with with sperm, shit  
and insects  
Fucking stupid bitch, your ass was dirty, you fucking  
dead slut  
I brutally smash my fist up her cunt and rip her entrails  
out  
Double fistfucking her asshole  
Chainsaw mutilation, she is now in pieces  
I put all parts in plastic bags and drive back to  
cemetary  
One by one I throw bags down her grave  
No time to bury her again, fuck you whore
