In the kingdom of the rotten
The casket slowly opens
Arise from the crypts of torment
Obey the cursed commandment
The underworlds rejoice
Of long awaited vengeance
The ones who were doomed to rot and decay
Are now commencing the killing spree

Painful death
Lacerating torment
Screams of help are useless
Twitching pain
Unseen violence
Blade sinks in the flesh
The artery sets in
Repeated stabs to the neck
Paints the world with red

Back from the crypts
Back from the crypts to murder
Dead descend
Your body into everlasting silence

Painful death

Lacerating torment
Screams of help are useless
Twitching pain
Unseen violence
Blade sinks in the flesh
The artery sets in
Repeated stabs to the neck
Paints the world with red

Let the world descend into silence and repent
As the worms dig in, lungs collapse, death sets in
Crawl inside the flesh you feel them move inside your
head
Silence of the grave now reaches out, pulls you in

Painful death
Lacerating torment
Screams of help are useless
Twitching pain
Unseen violence
Blade sinks in the flesh
The artery sets in
Repeated stabs to the neck
Paints the world with red
