Bloody murder, a violent scene of death
A bullet in the back of the head
Lethal shot, point-blank combat
Another life comes to an end
Executed, a hole between the eyes
Stare into the barrel of a gun
Bone implodes, blood pours out
One squeeze and the deed is done

Bust a cap, another drops dead
Seven minutes and I'll kill again
Pieces of lead, ripping through your head
This is a violent scene of death

Rampage of murders go on
And it won't stop until I get caught
Got to run, killing time
And bitch you are the next in line

Forcing you to kneel... before I lay my vengeance
Squeezing the trigger... and blow your brains on the
walls of violent...

A red gush smears my face
Did you think that you were safe?
One shot inflicts a wound
A hard impact, the bullet rides through

No one knows why they were butchered
Terminated and left for dead
Only dead bodies left
In a violent scene of death

Instant death, your body falls
The bullet rushes through the cranial bone
Collapsing down, (you) drop to the ground
Left unburied for them to be found
All it took was a single squeeze
It's like the trigger is a part of me
Only dead bodies left
In a violent sense of Heath
