

Torture Killer "Cannibal Gluttony"

I am the living, walking, killing carnivore
I carve the flesh and suck out the eyes
Severed body parts I violently remove
Eating away-remains of you

Under the cutting edge of slicing domination
You won't survive the mutilation
Scream in panic as I grab my killing tool
Your body twitches, blade runs through
I hack you up and terminate your life
I rip your guts and take a look inside
Your inner organs I sadistically explore
Eating what's left inside the corpse

Cannibal
Gluttony
Carnivore
You will bleed

I am your god with a butchers knife, sadistic violence
I watch you bleed and have orgasms when you die and
begin... feasting

Fornicate the dead
Enslavement of the flesh
Purify myself tonight
By eating all the dead

I am the living, walking, killing carnivore
I carve the flesh and suck out the eyes
Severed body parts I violently remove
Eating away-remains of you
I hack you up and terminate your life
I rip your guts and take a look inside
Your inner organs I sadistically explore
Eating what's left inside the corpse
