There's no shine in my eyes I've lost all emotions
Walking in this no man's land void of devotion
I fight to find my peace of mind
This war inside my head
It makes me feel like I'm fucking dead

I don't wanna be your hero
I don't wanna save your world
I don't wanna live in fear
This is a good...
This is a good day to die

I feel my demons rising day after day
I'm beckoned into the abyss, I'm falling away
I cannot sleep, I cannot breath
Haunted by this strife
I did what I had to do to survive

I saw a child in my dreams he quickly flees from us
We don't stop the convoy. He's crushed and left in dust
Sorry mom, sorry dad
I hope you understand cause this
Hell in my mind will never end

I don't wanna be your hero
I don't wanna save your world
I don't wanna live in fear
I did what I did to survive
I don't wanna be your hero
I don't wanna save your world
I don't wanna live in fear
This is a good...
This is a good day to die
