

Torture Killer "Gore Terror"

Visit "[Gore Terror](#)" on MotoLyrics.com

A trail of blood on the floor
Bits of entrails on the side
Pervasive stench of decay
I'm aroused by the smell

Step down to the basement
Reek of death grows stronger
Severed heads on the stakes
Tons of bodies piled up

Enter my room of sickest horror
Enter my dominion of gore terror
You'll be the next one to bleed

Bowels hang from the ceiling
Skulls, bones and skeletons
Blood and gore paintings
Grotesque exhibition
Knife in knife out
Knife in - scream, shout
