Why do you living controversing my faith
I don't accept your god
Call me heretic, antichrist, atheist
Only believe in me!!!
Devotes creating new dogmas
Looking for a lot of victims
To satisfy the desire of the deceiving day and night

Ancient beliefs, try to conceal
The murder of a god

False teachings deciding who goes
To heaven or hell
In the sign of holy cross
Money rings the bell!!!

Submission makes slaves of faith
Sinners die at the stake
Condemnation by yourselves mistakes
This is the price of the fear
