Hacked up beyond recognition
Started out with Grisly Sanction
Stripped naked you're bound to the bed
I fuck your severed head

Something lives inside me
Twisted personality
Something grows Within me
I feel like killing!

... Kill... Kill... Kill... Kill... Kill... Kill... Kill!

I'll take my time to tear you ope
I'll taste the blood and eat your organs
When I kill, I come alive
I'm obsessed with homicide
Obsessed with homicide [x2]

I am your gateway to death

I am all that you fear and dread
I can't keep this monster inside
Stay alert-it's killing time
I'll take my time to tear you open
I'll taste the blood and eat your organs
When I kill, I come alive
I'm obsessed in homicide
Obsessed with homicide [x2]

Something lives inside me
