Had it not been: Michael English

Just suppose  
God searched through heaven  
couldn't find one willing to be  
The supreme sacrifice that was needed  
Just to find eternal life for you and me

chorus  
Had it not been for a place called Mt. Calvary  
and had it not been for the old rugged cross  
and had it not been for a man called Jesus  
then forever my soul would be lost

and I'm so glad he was willing to drink that bitter cup  
tho he prayed for to let it pass from me  
and I'm so glad he never called his angels  
from these hands hold the nails that torment me

chorus

then forever my soul would be lost
